Comments: 1. This sample shipment uses CandleJoy Logo and packaging.

Item Agreement Acceptance

By accepting our Pro forma Invoice and accompanying Item Agreements, buyer hereby agrees to the specifications stated on each Item Agreement, and agrees to make a payment deposit of 30% of PI amount and another 70% before Ship Date as per the Payment Terms of CandleJoy Pte Ltd.

PRODUCT PHOTO

Warranty and Product Care

Product Warranty. Factory agrees to warrant all Products within this Item Agreement against any electronic defects due to manufacturer's fault for a period of 3 months from Ship Date. This warrant, however, does not cover imperfection on the outer layer of the candle made of wax or other candle decorations.

Melting Requirements. Wax Candle included in this Item Agreement is for indoor use only. Wax candle is able to withstand temperatures of 38 degrees Celsius (°C) / 100 degrees Fahrenheit (°F) for a duration of eight (8) consecutive hours and should produce no visible deformities in the product.

Fading Requirements. All wax candles will fade in color naturally over time. Wax color will fade more quickly if it is exposed to direct sunlight. Appropriate care should be taken when using wax candle

Product Warranty. Factory agrees to warrant all Products within this Item Agreement against any electronic defects due to manufacturer's fault for a period of 3 months from Ship Date. This warrant, however, does not cover imperfection on the outer layer of the candle made of wax or other candle decorations.

Melting Requirements. Wax Candle included in this Item Agreement is for indoor use only. Wax candle is able to withstand temperatures of 38 degrees Celsius (°C) / 100 degrees Fahrenheit (°F) for a duration of eight (8) consecutive hours and should produce no visible deformities in the product.

Fading Requirements. All wax candles will fade in color naturally over time. Wax color will fade more quickly if it is exposed to direct sunlight. Appropriate care should be taken when using wax candle
